#### **C5. QUALIFICATIONS FOR SEMI-FINAL AND FINAL (MAJOR ROUND) MATCHES**

1. For the purpose of this bylaw, there will be two separate competitions, the Two Day Competition and the Limited Overs Competition. The Two Day Competition will be considered the higher competition.
2. The major round will consist of Semi-Finals and Grand-Final (Finals).
3. No player is qualified to play in Finals unless the player has played 3 matches in the Two Day Competition or 5 matches in the Limited Overs Competition (*or at least 25% of matches played in the Limited Over competition*) respectively. A combination of Two Day Competition and Limited Overs Competition matches cannot be used to meet this standard. *Forfeits or abandoned matches cannot be used to meet the above qualification standards.*
4. A player shall not be eligible to play in Finals if they have not met criteria (3), and subject to section (5), cannot play in a lower team or competition unless at least 50% of the matches played, in which the player has participated, were in the lower teams or in the lower competition. For the purpose of C5 (4), two Limited Overs Competition matches equal one Two Day Competition match.
5. No player is able to migrate between the Two Day Competition and Limited Overs Competition unless they meet the qualification standards of each respective competition. If a player is eligible for both competitions then initial finals selection in that competition restricts that person to that competition. However, free transfer will be allowed between two or more consecutive club teams in either the Two Day Competition or Limited Overs Competition which qualify for Finals and are participating in the same round of matches in Finals.
6. Where consecutive teams are competing in Semi-Finals any player selected in that team is free to play for that team in a subsequent Grand-Final, even if the consecutive team chain is broken provided they are qualified for that competition under criteria (3).

10. Any player who does not meet the qualifications can only play with the permission of the Permit Committee and only in exceptional circumstances.
11. Any team that includes a player in contravention of this bylaw shall lose the match in which such a player takes part, as well as being subject to bylaw C2 (1) (b).

#### **Comment:**

- (a) *Note where a junior club has more than one team in a particular grade they shall be rated by the clubs prior to the commencement of the season as to which shall be deemed the higher ranked team for the purpose of this bylaw. Any transfer of players between these teams during the finals will therefore be subject to this section and may require a permit to play.*

- (b) To work out if a U/17 junior requires a permit as a result of playing matches in the SACA 1st grade competition, the following criteria will apply:
1. In respect to a player who has played 4 or more matches in the SACA 1st grade competition a permit will be required.
  2. In granting a permit the association will take into account how many ATCA junior games they have played. It will be the sole responsibility of the association in determining if the club has applied the spirit of cricket in qualifying players playing in the SACA 1st grade competition
  3. Where any junior player is faced with the possibility of participating in a SACA match which clashes with the ATCA junior finals, such player can only represent one association on that day

**C6. PLAYING IN MORE THAN ONE TEAM**

No player may play for 2 or more teams and/or clubs in the same round of ATCA fixtures without the prior permission of the permit Sub-Committee. The offending team in each case shall lose all match and incentive points earned by it in the match plus ten (10) additional points.

For the purpose of this bylaw the ATCA considers the same round to be the corresponding dates within the two day competition and the limited over competition. See example below

**Example #1**

*Round 1 of the Two Day Competition is scheduled to be played over the first two weekends of the season. That Round also corresponded with Rounds 1 and 2 of the Limited Over Competition.*

*This Bylaw does allow discretion for the following scenario. A player after being originally selected to play the first week in the Limited Over Competition to then being selected (subject to a permit) in the second week for the Two Day Competition as a result of week 1 of the two day competition having been washed out.*

*This Bylaw does not allow players originally selected in the Two Day Competition that subsequently is washed out in week one, then playing in the Limited Over Competition that particular week and then being considered as eligible to play in the Two Day Competition the following week. In this case those players are not eligible to play in the Two Day competition the following week.*

**Comment:**

*This also applies to juniors whose club has more than one team in the same grade. This does not apply to juniors playing in the ATCA Senior Competition.*

**C7. PLAYING UNDER AN ASSUMED NAME**
